This is a powerful example of Hartung's later work, created after his move to Provence. During this period, his style became more organic, with a notable shift toward lighter, more vibrant colours. The piece captures the energetic and expressive brushwork that characterises his mature abstract style.

This work is registered in the Fondation Hans Hartung and Anna-Eva Bergman under No. P20-1976-H10 and it will be included in the catalogue raisonné of works by Hans Hartung currently being prepared by the Fondation.
